

Curriculum Vitae

Surname: Sadeghi far

Forenames: Amirreza

Sex:Male

Date of Birth: 22 september 1978

Marital Status: Married

Place of Birth:Kerman

Nationality: Iranian

Medical council registration NO:97139

Professional Address:

Address: Dept. of orthopedics; University of medical sciences, Kerman, IRAN

Educational Record:

Diploma – Iran sep1996

Allameh helli high school, Kerman – Iran

M.D. – Iran sep2003

Tehran University of medical sciences

National board of orthopedics – Iran Sep2007

Tehran university of medical sciences

Fellowship of shoulder and elbow surgery-april2010

Tehran University of medical sciences

Job record:

May 2022-on

Manager of Bahonar university hospital

Sep 2009-on
Consultant orthopedic surgeon
Associate professor of orthopedics
Kerman Medical University

Sep 2007-sep 2009
Orthopedic surgeon
Neyriz shohada hospital

Sep 2003-sep 2007
Orthopedics resident - Training
Tehran Medicine University

Other interest:

1– Shoulder & elbow surgery 2– Arthroplasty and arthrodesis
3-upper extremity surgery

Experience:

As an associate professor and consultant orthopedic surgeon in Dr. Bahonar hospital, Kerman, I have been training residents of orthopedics since Mehr 1388. I have managed several cases of congenital anomalies, tumor, infection, arthroplasty, tendon transfers and especially cases of trauma (Multiple trauma, fracture and dislocations). Before this, as noted previously I was orthopedic surgeon for two years in Shohada hospital, Neyriz, on practice since Mehr 1386. I have had excellent experience in orthopedic trauma surgery in my residency-training period, which has been well extended into my practice.

In non trauma cases my experience in Club feet, DDH, Legg Calve Perthes disease, bone tumors and poliomyelitis is not bad. My especial interest is in hand, shoulder and upper extremity surgery.
